Not My Fault

Crashed? Not your fault?

Keep this in the glovebox. 5 things to do at the scene.

1. **Make it safe.**
   Hazard lights on. If anyone is hurt, ring 112 or 999.
2. **Don't argue or admit fault.**
   Stay calm. Just swap details.
3. **Get their details.**
   Name, phone, registration and insurer. Photo their insurance disc.
4. **Take photos.**
   Both cars, both number plates, the road, close up and far away. Get witnesses' numbers. Save any dashcam clip.
5. **Don't claim on your own policy yet.**
   WhatsApp us a photo first. The other driver's insurer pays, not you.
